

Remote Monitoring System

Advanced Energy Systems monitors your generators status 24/7

If a power outage occurs, we will monitor its duration, and schedule routine maintenance following any extended outages lasting more than 48 hours.

If an alert or fault is received, we will contact you to provide over the phone support, or schedule a service call* - the decision is yours

If there are any alerts or faults occurring during a power outage, and we cannot reach you, we will automatically dispatch a priority service call*

Antenna communicates generator system status to cellular tower

Hardware is mounted and connected to the standby generator control panel

Hardware uses cellular technology to communicate signals

Mobile app alerts homeowner of generator status via text message

Parts 1 & 2 Below Must be Completed

Part 1: Equipment

	Unit Price	Total
<input checked="" type="checkbox"/> Info Hub GE Generator Remote Monitoring System Equipment	\$300.00	\$300.00
<input checked="" type="checkbox"/> Equipment Installation & Configuration	\$175.00	\$175.00
<input type="checkbox"/> Discount Off Equipment, Installation & Configuration if done on a maintenance visit	-\$80.00	

Part 2: Service Agreement Options

Our options are billed up front for the term of the agreement (lump sum), and are applied for the full duration of the service agreement. We do not hold the funds and pay monthly - your entire service is paid up front to the service provider.

Check One

<input type="checkbox"/> 1 Year Subscription (12 Months) at \$20.00 per month	\$240.00
